RE: Garbage Pick Up - Castle Guard Waste Management Inc.

Dear Owners,

We have now confirmed our garbage pick up service, at no cost to you. The company we are using is Castle Guard Waste Management Inc.

Collection day is on Tuesdays and you must have your garbage out to the road by 7:30 - 8:00 am. All garbage must be in garbage bags as they are a throw and go operation (regular household garbage only). They do not take grass or other yard waste. Extra garbage like grass must be a direct arrangement with Castle Guard Waste.

In addition, they do not provide recycling services. The HOA is looking into a provider for this and will post the information on the website.

If you are interested in this garbage pick up service, please email us your Lot # and your civic address and we will institute full service on the first Tuesday following receipt of your information.

Thank you,
